DIEGO MONZON CONTRERAS

FULL STACK WEB DEVELOPER

Netanya, IL | (054) 673-6558 | projkd1@gmail.com

linkedin.com/in/diego-mon | github.com/diego-mc | www.diego-mc.com

Full Stack Developer with a passion for coding since the age of 13. Recently graduated from a bootcamp and seeking an opportunity to grow and advance in an innovative environment. Key Skills include:

React | Redux | Vue | Node.js | MongoDB | Mongoose | Express | JavaScript | TypeScript | HTML | CSS | SCSS

EXPERIENCE

*Project 1: **Twitter Clone** (Pixel-Perfect clone of the original Twitter app)*   *Full Stack Developer*
Technologies Used: React, TypeScript, Redux, Node.js, MongoDB, Express, Mongoose, SCSS.
Repo: go.diego-mc.com/gh/twitter   *demo: go.diego-mc.com/proj/twitter*
- *Creating the entire app end to end and connecting it to a MognoDB database.*
- *Maximized user experience (UX) by using the new RTK Query technology in Redux to implement optimistic and pessimistic data fetching from the custom API created for the app.*

*Project 2: **Wewix** (Website builder similar to Wix)*   *Full Stack Developer*
Technologies Used: Vue, Vuex, Node.js, MognoDB, Express, Socket.IO, SCSS.
Repo: go.diego-mc.com/gh/wewix   *demo: go.diego-mc.com/proj/wewix*
- *Led the design and UX efforts for the entire app by designing the app in Figma, creating a user experience (UX) flow prototype and by creating and templating all of the components in the app.*
- *Contributed to all parts of the app by helping team-members implement features and functionality.*
- *Assured the app reached the desired standards within the short 12-day deadline by working 16 hours a day.*

Additional projects available at www.diego-mc.com.

MILITARY SERVICE

HR Officer – IDF   *08/2021 - 08/2022*
Promotions: NCO to Deputy Officer to Officer.
- *Led and supervised a group of soldiers while also managing HR matters of approximately 500 soldiers.*
- *Lowered office workload by over 50% by writing programs and scripts to automate manual tasks in the office.*
- *Corrected over 10,000 discrepancies in the first year as NCO by voluntarily working over 12 hours a day and continued to do so for all years of service.*

EDUCATION

Full-Stack 640+ Hour Bootcamp *– Coding Academy, MisterBit*   *09/2022 - 01/2023*

Web Development & Graphic Design *– Self Study*   *Since 2015*
- *Started coding with C#, moved to front-end development and took countless courses in web development and in graphic design.*
